**What you need to know about us right now!**

A portion of the proceeds is donated to these worthy causes!

The Children's Wish Foundation of Canada, Nova Scotia Chapter has a provincial office located in Dartmouth, Nova Scotia with several sub-chapters located throughout the province. Since 1984, the Foundation has granted over 15,000 wishes to children battling high-risk, life threatening illnesses. Over 760 of those wishes granted were to Nova Scotian children! The goal for Atlantic Home Publishing & Promotions is to help Children's Wish grant eight more wishes with this fundraiser and with support like yours it will allow the Foundation to never refuse an eligible child for a once-in-a-lifetime wish.

The Mary-Beth Chaulk Player Assistance Fund was established in memory of Mary-Beth, 16 year old Dartmouth Whalers hockey player, who lost her life March 12, 2006 as a result of a car pedestrian accident. Mary-Beth was well know in the hockey community for her team spirit, leadership, and sheer passion for the game. The fund honours her passion by assisting other children to play and experience the gift that hockey gives children. A sense of belonging, leadership skills, life skills and being a member of a community. The things learned in hockey reach farther than the rules of the game, they reach into who you are and who you become as a person.
